The persons appointed under the enclosed form of proxy are conferred with discretionary authority with respect to amendments or variations of those matters specified in the proxy and Notice of Meeting and with respect to any other matters which may properly be brought before the Meeting or any adjournment thereof. If any such matters should come before the Meeting, it is the intention of the persons named in the enclosed form of proxy to vote such proxy in accordance with their best judgment unless the shareholder has specified to the contrary or that Common Shares are to be withheld from voting. Unless otherwise specified, proxies in the accompanying form will be voted in favour of each of the matters set forth in the Notice of Meeting, provided that in the event that a vacancy occurs among the nominees, hereinafter set forth, for the directors of the Corporation prior to the Meeting, as a result of death or for any other reason, proxies shall not be voted with respect to such vacancy.

ADVICE TO BENEFICIAL SHAREHOLDERS

The information set forth in this section is of significant importance to many shareholders, as a substantial number of shareholders do not hold Common Shares in their own name. Shareholders who hold their Common Shares through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold their Common Shares in their own name (referred to herein as “**Beneficial Shareholders**”) should note that only proxies deposited by shareholders who appear on the records maintained by the Corporation’s registrar and transfer agent as registered holders of Common Shares will be recognized and acted upon at the Meeting.

If Common Shares are listed in an account statement provided to a Beneficial Shareholder by a broker, those Common Shares will, in all likelihood, *not* be registered in the shareholder’s name. Such Common Shares will more likely be registered under the name of the shareholder’s broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms). In the United States, the vast majority of such Common Shares are registered under the name of Cede & Co., the registration name for The Depository Trust Company, which acts as nominee for many United States brokerage firms. In the United Kingdom, the vast majority of such Common Shares are held through CREST (an electronic trading system) and are registered under the name of Capita IRG Trustees Limited.

Common Shares held by brokers (or their agents or nominees) on behalf of a broker’s client can only be voted or withheld at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker’s clients. Each Beneficial Shareholder should therefore ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.

The Intermediaries (or their service companies) are responsible for forwarding the meeting materials to each Beneficial Shareholder, unless the Beneficial Shareholder has waived the right to receive them.

In accordance with the requirements of NI 54-101, proxy-related materials will be distributed to the clearing agencies and Intermediaries for onward distribution to Beneficial Shareholders of the Corporation.

Intermediaries are required to forward such materials to Beneficial Shareholders of the Corporation unless the Beneficial Shareholders have waived the right to receive them. Very often, Intermediaries will use service companies to forward the Management Information Circular to beneficial shareholders.

Generally, a Beneficial Shareholder who has not waived the right to receive meeting materials will either:

- (a) be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the Beneficial Shareholder and must be completed, but not signed, by the Beneficial Shareholder and deposited with TSX Trust; or
- (b) more typically, be given a Voting Information Form (“**VIF**”) which is not signed by the Intermediary, and which, when properly completed and signed by the Beneficial Shareholder and returned to the Intermediary or its service company, will constitute voting instructions which the Intermediary must follow.

The purpose of this procedure is to permit Beneficial Shareholders to direct the voting of the Common Shares that they beneficially own. **Should a Beneficial Shareholder of the Corporation wish to vote at the Meeting in person, the Beneficial Shareholder should follow the procedure in the request for voting instructions provided by or on behalf of the Intermediary and print their name in the Appointee box which will grant the Beneficial Shareholder the right to attend the Meeting and vote in person.** Beneficial Shareholders of the Corporation should carefully follow the instructions of their Intermediary, including those regarding when and where the completed request for voting instructions is to be delivered. Beneficial Shareholders of the Corporation who wish to change their vote must, in sufficient time in advance of the Meeting, arrange with their respective Intermediaries to change their vote and if necessary revoke their proxy in accordance with the revocation procedures set out above.

If you have any questions respecting the voting of Common Shares held through a broker or other intermediary, please contact that broker or other intermediary for assistance. All references to shareholders in this Management Information Circular and the accompanying Instrument of Proxy and Notice of Meeting are to registered shareholders unless specifically stated otherwise.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

As at August 12, 2016, the Corporation had 79,843,902 Common Shares outstanding. Each Common Share confers upon the holder thereof the right to one vote. The close of business on August 12, 2016 is the record date for the determination of shareholders who are entitled to notice of, and to attend and vote at, the Meeting (the “**Record Date**”). Only those shareholders of record on the Record Date are entitled to notice of, and to attend and vote at the Meeting. Any transferee or person acquiring Common Shares after the Record Date may, on proof of ownership of Common Shares, demand of TSX Equity not later than 10 days before the Meeting that their name be included in the list of persons entitled to attend and vote at the Meeting.

To the knowledge of the directors and executive officers of the Corporation, as of the date hereof there are five companies that beneficially own, control or direct, directly or indirectly, more than 3% of the voting rights attached to all of the outstanding Common Shares.

The Corporation may not have accurate information regarding Beneficial Shareholders of the Corporation as it is not entitled to such information and cannot access such information under Canadian securities laws. Further, under the securities laws of Canada the threshold for the disclosure of interests in the share capital of the Corporation is 10%. Accordingly, the Company cannot necessarily be aware of interests below this figure.

EXECUTIVE COMPENSATION COMPENSATION DISCUSSION AND ANALYSIS

Overview of Compensation Program

The compensation committee (the “**Compensation Committee**”) of the board of directors of the Corporation (the “**Board**”) exercises general responsibility regarding the overall compensation policy for the senior employees and executive officers of the Corporation. Subject to the approval of the Board, it is responsible for: (i) recommending the salary and benefits of the Chief Executive Officer, subject to terms of any existing

contractual arrangements; (ii) recommending the general compensation structure and policies and programs for the Corporation and the salary and benefit levels for the senior officers and management; (iii) reviewing the Corporation's stock option plan and authorizing its use, determining the number of options, and the terms thereof, that may be issued under the stock option plan of the Corporation during any particular period and issuing or authorizing the issuance of such options in accordance with the plan; (iv) reviewing and making recommendations to the Board on issues that arise in relation to any employment contracts in force from time to time; (v) reviewing annually all other benefit programs for salaried personnel; (vi) reviewing and approving severance arrangements for senior officers and management; (vii) reviewing the executive compensation disclosure required to be included in the information circular for the shareholders' annual meeting; (viii) recommending the compensation for members of the Board, as well as for committee members, including the compensation of the Chairman of the Board and any chairman of a Board committee; (ix) reviewing and making recommendations on the succession plan for the Chief Executive Officer and for key employees of the Corporation; and (x) reviewing and making recommendations on any material changes in human resources policy, procedure, remuneration and benefits.

Compensation Philosophy and Objectives

The objectives of the Corporation's executive compensation policy are to attract and retain individuals of high calibre to serve as officers of the Corporation, to motivate their performance in order to achieve the Corporation's strategic objectives and to align the interests of executive officers with the long-term interests of the shareholders of the Corporation. These objectives are designed to ensure that the Corporation continues to grow shareholder value. The Corporation's compensation policy is designed to pay for performance and, accordingly, the performance of the Corporation and of the Chief Executive Officer as an individual are both examined by the Compensation Committee. The Corporation's compensation program for all of the Corporation's employees, including the Corporation's executive officers, is comprised of three principal components: base salary, short-term incentive compensation (comprised of annual discretionary cash bonuses) and long-term incentive compensation (comprised of discretionary stock options).

Together, these components are designed to achieve the following key objectives:

- to support the Corporation's overall business strategy and objectives;
- to provide market competitive compensation that is substantially performance based;
- to provide incentives which encourage superior corporate performance and retention of highly skilled and talented employees; and
- to align executive compensation with corporate performance and therefore shareholders' interests.

The aggregate value of these principal components and related benefits is used as a basis for assessing the overall competitiveness of the Corporation's compensation package. The fixed element of compensation provides a competitive base of secure compensation required to attract and retain executive talent. The variable performance based, or "at risk" compensation, is designed to encourage both short-term and long-term performance of the Corporation. At more senior levels of the organization, a significant portion of compensation eligible to be paid is variable performance based compensation which places a greater emphasis on rewarding executives for their individual contributions, business results of the Corporation and long-term value creation for shareholders of the Corporation.

Compensation Review Process

When determining compensation, including the assessment of the competitiveness of the Corporation's compensation program, management and the Compensation Committee reviews the compensation practices of companies in its selected peer group.

To provide benchmarking information, the Corporation reviews freely available, industry reports and general compensation surveys conducted by independent consultants which provide comparative information. Specifically, the Compensation Committee reviewed two PwC Reports ("Raising the Bar – The State of Executive Pay in 2015" and "Reward Trends Snapshot Survey 2015") together with the 2015 Goodman Masson

Salary Guide. Amongst other things, the Compensation Committee considered these reports in its determination of compensation for the Corporation's executive officers.

The Corporation will be engaging an independent consultant to ensure peer group and compensation information is up-to-date. Any potential adjustments to the Corporation's compensation program will be considered in light of the findings of the independent consultant's review.

The Chief Executive Officer annually assesses the individual performance and development of each executive officer, and recommends to the Compensation Committee the appropriate salary, annual incentive and long-term incentive for each individual. The Compensation Committee then reviews these recommendations, in conjunction with its own review of the Corporation's performance, executive performance and comparative data, and thereafter recommends to the Board the compensation package payable to the executive officers for the Board's review, discussion and approval.

The Compensation Committee considers numerous factors in assessing performance of the Chief Executive Officer and other executive officers. Some of the factors considered are as follows: (a) absolute and per share production growth; (b) finding and on stream costs (for both current and longer periods); (c) overall and per share oil and gas reserve changes, looking at both proven and probable reserves; (d) operating costs and the change in operating costs per barrel of oil equivalent in the context of the overall market; (e) funds from operations per share changes; (f) the overall performance of the Corporation's common shares on the TSX Venture Exchange ("TSX-V") and the London Stock Exchange AIM market; (g) general and administrative cost control; and (h) the Corporation's performance for all of the above relative to its goals and objectives and in relation to the performance of its industry peer group.

Elements of the Corporation's Compensation Program

Base Salaries

The base salary component is intended to provide a fixed level of competitive pay that reflects each executive officer's primary duties and responsibilities and the level of skills and experience required to successfully perform their role. The Corporation intends to pay base salaries to its executive officers, including the Chief Executive Officer, that are competitive with those for similar positions within the Corporation's selected peer group. For the Corporation's executive officers, base salaries are targeted at the median of the Corporation's comparative peer group. Salaries of the executive officers, including that of the Chief Executive Officer, are reviewed annually by the Corporation's Compensation Committee and adjustments are made taking into account the executive's job responsibilities, demonstration of capability and the market comparative information.

Short-Term Incentive Compensation – Annual Cash Bonuses

In addition to base salaries, the Corporation has a discretionary bonus plan pursuant to which the Board, upon recommendation of the Compensation Committee, may award annual cash bonuses to executive officers. The bonus element of the Corporation's executive compensation program is designed to retain top quality talent and reward both corporate and individual performance during the Corporation's last completed financial year. To determine bonus awards for senior executives, including the Named Executive Officers, the Compensation Committee considers both the executive's personal performance and the performance of the Corporation relative to its peers. The proposed bonus amounts for executive officers are recommended by the Compensation Committee for review, discussion and approval by the Board of Directors.

Long Term Incentive Compensation – Share Options

Executive officers, along with all of the Corporation's officers, directors, employees, contractors and other service providers, are eligible to participate in the Corporation's stock option plan (the "**Stock Option Plan**"). The Stock Option Plan provides a long-term incentive designed to reward eligible participants for their contribution in enhancing total shareholder return over the long-term both on an absolute and relative basis. The Stock Option Plan promotes an ownership perspective among the executives, encourages the retention of key executives and provides an incentive to enhance shareholder value by furthering the Corporation's growth and profitability.

As with most companies in the Corporation's peer group, options form an integral component of the total

compensation package provided to the Corporation's executive officers. Participation in the Stock Option Plan rewards overall corporate performance, as measured through the price of the Common Shares. In addition, the Stock Option Plan enables executives to develop and maintain a significant ownership position in the Corporation. This results in a significant portion of executive compensation being "at risk" and directly linked to the achievement of business results and long-term value creation.

Options are normally recommended by management and approved by the Compensation Committee and Board of Directors upon the commencement of an individual's employment with the Corporation based on the level of their respective responsibility within the Corporation. Additional grants may be made periodically, generally on an annual basis, to ensure that the number of options granted to any particular individual is commensurate with the individual's level of ongoing responsibility within the Corporation. In considering additional grants, a number of factors are considered including the number of options held by such individual, the exercise price and implied value of the options, the term remaining on those options and the total number of options the Corporation has available for grant under its Stock Option Plan. See "*Executive Compensation – Stock Option Plan*" for a description of the detailed terms of the Stock Option Plan including the proposed amendments thereto.

Risks Associated with Compensation Policies and Practices

The oversight and administration of the Corporation's executive compensation program requires the Compensation Committee to consider risks associated with the Corporation's compensation policies and practices. Potential risks with compensation policies and compensation awards are considered at annual meetings of the Compensation Committee at which compensation related recommendations to the Board are formulated.

The Corporation's executive compensation policies and practices are intended to align management incentives with the long-term interests of the Corporation and its shareholders. In each case, the Corporation seeks an appropriate balance of risk and reward. Practices that are designed to avoid inappropriate or excessive risks include (i) the Corporation's operating strategy and related compensation philosophy, (ii) the effective balance, in each case, between cash and equity mix, near-term and long-term focus, corporate and individual performance, and financial and non-financial performance; and (iii) a multi-faceted approach to performance evaluation and compensation which discourages risky behaviour.

The Compensation Committee believes that the Corporation's total executive compensation program does not encourage executive officers to take unnecessary or excessive risk.

The Corporation does not prohibit the Named Executive Officers or the directors of the Corporation from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by such person. The Named Executive Officers and directors have advised the Corporation that they have not entered into any such agreements. To the extent that they subsequently enter into an agreement, arrangement or understanding that has the effect of altering, directly or indirectly, their economic exposure to the Corporation, insider reporting laws in Canada provide that they must file a report disclosing the existence and material terms of the agreement, arrangement or understanding within five days of the event.

Compensation Governance

The policies and practices adopted by the Board to determine the compensation of the Corporation's executive officers and directors is described under "*Executive Compensation – Compensation Discussion and Analysis*".

The Compensation Committee is comprised of two directors, David Richards (Chair) and Barrie Wright, each of whom are independent. The skills and experience of each Committee member in executive compensation that is relevant to his responsibilities and the making of decisions on the suitability of the Corporation's compensation policies and practices is as follows:

David Richards (Chair)

Mr. Richards is a Fellow of the Institute of Chartered Accountants of Alberta. He founded Network Capital Inc., a successful Calgary based investment management company focused on private equity, in 1997 and served as President and Managing Director until June 30, 2016.

Mr. Richards formerly served as a senior tax partner with both PricewaterhouseCoopers and Arthur Andersen and Co. He is a Past President of the Alberta Chamber of Commerce and a past Vice President of the Calgary Chamber of Commerce.

Mr. Richards is currently a director of Wilmington Capital Management Inc., Mood Media Inc. and Standard Exploration.

Previously public board experience includes Boardwalk Equities, Alliance Atlantis Movie Distribution Income Fund, Forte Energy and Bonnetts Energy Services Trust.

Barrie Wright

Mr. Wright is currently a director and Chief Executive Officer of Sea NG Corporation. He has more than 30 years of experience that covers all aspects of exploration, production and management in the oil and gas business throughout Western Canada. Mr Wright has built several successful oil and gas companies including Boundary Creek Resources Ltd and Coyote Creek. He has extensive contacts in the Canadian, US and Far East financial communities. Mr. Wright graduated from Queens University with a BSc Honours, Applied Science-Geophysics.

The Compensation Committee's mandate is to oversee the compensation policies of the Corporation. See "*Compensation Discussion and Analysis – Overview of Compensation Program*" for a summary of the Compensation Committee's responsibilities and powers.

Summary

The Corporation's compensation policies have allowed the Corporation to attract and retain a team of motivated professionals and support staff working towards the common goal of enhancing shareholder value. The Compensation Committee has reviewed the compensation regime and is satisfied that the current levels of total compensation are reflective of competitive market practices, align pay for performance with the interests of shareholders and support the Corporation's objective to attract, retain and motivate highly capable executive talent. The Compensation Committee and the Board will continue to review compensation policies to ensure that they are competitive within the oil and natural gas industry and consistent with the performance of the Corporation.

Except as described below, no proposed director of the Corporation is, as at the date of this Management Information Circular, or has been, within the preceding 10 years, a director or executive officer of any company (including the Corporation) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

Michael Doyle was a director and Chief Executive Officer of Vanquish Oil and Gas Corporation, a private Canadian oil and gas company, which was put into voluntary receivership on March 27, 2007 as a result of financial difficulties.

Michael Doyle was a director of Brevia Energy Inc., an Alberta oil and gas producer, which entered into a voluntary receivership in January 2016 as a result of financial difficulties.

3. Appointment of Auditors

At the Meeting, shareholders will be asked to pass an ordinary resolution appointing PricewaterhouseCoopers LLP (UK), Chartered Accountants, to serve as auditors of the Corporation to hold office until the close of the next Annual and Special Meeting of shareholders or until such firm is removed from office or resigns as provided by law, at a remuneration to be fixed by the Board. PricewaterhouseCoopers LLP (UK) has served as auditors of the Corporation since October 4, 2013.

The persons named in the enclosed form of proxy, if named as proxy, intend to vote proxies in favour of the ordinary resolution to appoint PricewaterhouseCoopers LLP, Chartered Accountants, United Kingdom, as auditors of the Corporation at a remuneration to be fixed by the Board and to hold such office until the next annual meeting of the Corporation. In order to be effective, the resolution must be passed by a majority of the votes cast by shareholders who vote in respect of this ordinary resolution.

4. Approval of Amended Stock Option Plan

Pursuant to the policies of the TSX V, listed issuers are permitted to have “rolling” stock option plans reserving a maximum of 10% of the issued shares of the Corporation at the time of the stock option grant (“Rolling Plan”).

The Stock Option Plan is considered to be a Rolling Plan. The Stock Option Plan, as amended from time to time, was initially approved by the shareholders of the Corporation on September 18, 2008, and was reapproved most recently, by the shareholders of the Corporation on September 28, 2015. The policies of the TSX V require that Rolling Plans be approved annually by the shareholders of listed issuers. In addition, the Corporation has proposed certain amendments to the Stock Option Plan. Accordingly the shareholders of the Corporation will be asked to consider and, if thought appropriate, approve an ordinary resolution approving the Stock Option Plan, as amended (the “Amended Plan”) in the manner set forth below.

The Amended Plan, attached as Schedule C hereto, is in substantially the same form as the Stock Option Plan previously re-approved by the shareholders of the Corporation on September 28, 2015, other than the following amendments.

- (a) the definition of “Exchange” in Section 1.02 of the Stock Option Plan has been amended to include the London Stock Exchange (AIM) to reflect the recent listing of the Common Shares on such stock exchange;
- (b) the definition of “Employee” in Section 1.02 of the Stock Option Plan has been amended to better reflect the various jurisdictions outside of Canada where the Corporation has employees; and
- (c) Article 3.03 of the Stock Option Plan has been amended to decrease the minimum number of directors required to form the Compensation Committee of the Corporation from 3 directors to 2 directors.

The text of the ordinary resolution which management intends to place before the Meeting for the approval of the Amended Plan is as follows:

“**BE IT HEREBY RESOLVED** as an ordinary resolution of the Corporation that:

1. the amended stock option plan (the “**Stock Option Plan**”) of SDX Energy Inc. (the “**Corporation**”), substantially in the form attached as Schedule C to the management information circular of the Corporation dated August 12, 2016, be and is hereby approved and adopted as the stock option plan of the Corporation;
2. the form of Stock Option Plan may be amended in order to satisfy the requirements or requests of any regulatory authorities without requiring further approval of the shareholders of the Corporation; and
3. any one director or officer of the Corporation is authorized and directed, on behalf of the Corporation, to take all necessary steps and proceedings and to execute, deliver and file any and all declarations, agreements, documents and other instruments and do all such other acts and things (whether under corporate seal of the Corporation or otherwise) that may be necessary or desirable to give effect to this ordinary resolution.”

In order for the foregoing resolution to be passed, it must be approved by a simple majority of the votes cast by shareholders who vote in person or by proxy at the Meeting. **The persons named in the enclosed form of proxy, if named as proxy, intend to vote proxies in favour of the ordinary resolution to approve the Amended Plan.**

5. Amendment of Articles of the Corporation

In late 2013 the Corporation closed its office in Calgary, Alberta and consolidated operations in its offices in London, United Kingdom and Cairo, Egypt to streamline operational costs, reflect the increased interest and investment in the Corporation from entities located in Europe and the Middle East and to be closer to the Corporation’s operations in Egypt. For similar reasons, the board of directors of the Corporation (the “**Board**”)

has determined that it would be desirable to hold the Corporation's shareholder meetings outside of Canada, in London, United Kingdom or any other place outside of Canada where the Corporation carries on business, as it is anticipated that this will minimize the costs associated with the shareholder meetings and will permit the Corporation's shareholders not resident in Canada to attend.

Section 132 of the *Canada Business Corporations Act* ("CBCA") provides that meetings of shareholders of a corporation may be held at a place outside Canada if the place is specified in the articles of the corporation or all shareholders entitled to vote at the meeting agree that the meeting is to be held at that place. Accordingly the Board is proposing to amend the articles of the Corporation to permit shareholder meetings to be held outside of Canada, in London, United Kingdom or in any other city or municipality where the Corporation carries on business (the "**Articles Amendment**"). A copy of the proposed Articles of Amendment giving effect to the Articles Amendment is attached to this Circular as Appendix D.

Pursuant to Section 173(o) of the CBCA, the Corporation may, by special resolution of its shareholders, add to the articles of the Corporation any provision that is permitted by the CBCA to be set out in the articles. Accordingly, the Shareholders of the Corporation are being asked to consider and if thought fit, approve a special resolution to approve the Articles Amendment. In order for the resolution to be passed, it must be approved by not less than two-thirds (2/3) of the votes cast by shareholders who vote in person or by proxy at the Meeting. **The persons named in the enclosed form of proxy, if named as proxy, intend to vote proxies in favour of this special resolution.**

The text of the special resolution which management intends to place before the Meeting for the approval of the adoption of the Articles Amendment is as follows:

"BE IT RESOLVED as a special resolution of the Corporation that:

1. The Corporation be and is authorized and directed to amend its articles in order to provide for the possibility of holding meetings of the shareholders of the Corporation at certain specified places outside of Canada.
2. Paragraph 7 of the articles of the Corporation be amended by the addition of the following to Schedule 3 – Other Provisions, attached to such articles:

“(b) Meetings of the shareholders of the Corporation may be held outside of Canada in: (i) London, United Kingdom; or (ii) any other city or municipality in which the Corporation carries on business.”

and the form of the Articles of Amendment as set out in Appendix D to the information circular of the Corporation dated August 12, 2016 is hereby approved.
3. The Board of Directors of the Corporation may, in its sole discretion, without obtaining further shareholder approval, decide not to act on this resolution and not proceed with the amendment of the articles of the Corporation and accordingly revoke this resolution.
4. Any one or more directors or officers of the Corporation is hereby authorized, for and on behalf of and in the name of the Corporation, to execute and deliver, whether under corporate seal of the Corporation or not, all such agreements, forms, waivers, notices, certificates, confirmations and other documents and instruments, including without limitation articles of amendment, and to do or cause to be done all such other acts and things as in the opinion of such director or officer may be necessary, desirable or useful for the purpose of giving full effect to or carrying out the provisions of the above resolution, including without limitation, all necessary filings.”

6. Amendment of By-Laws of the Corporation

For the reasons set out under "*Matters to be Considered at the Meeting – Amendment of By-Laws of the Corporation*" on June 22, 2016, the Board approved and adopted an amendment to the Corporation's By-Law

No. 1 to permit the Corporation to hold the Corporation's shareholder meetings outside of Canada, in London, United Kingdom or any other place outside of Canada where the Corporation carries on business (the "**Amended By-Laws**"), a copy of such By-Law amendment is attached to this Circular as Appendix E.

Pursuant to section 103 the CBCA, the Board is required to submit the Amended By-Laws to the Shareholders of the Corporation for confirmation, rejection or further amendment at the Meeting. Accordingly, the Shareholders are being asked to consider and, if thought appropriate, pass with or without amendment, an ordinary resolution confirming and ratifying the Amended By-Laws. In order for the resolution to be passed, it must be approved by a simple majority of the votes cast by shareholders who vote in person or by proxy at the Meeting. **The persons named in the enclosed form of proxy, if named as proxy, intend to vote proxies in favour of this ordinary resolution.**

The text of the ordinary resolution which management intends to place before the Meeting for the confirmation and ratification of the Amended By-Laws is as follows:

"BE IT RESOLVED as an ordinary resolution of the Corporation that:

1. The approval and adoption by the board of directors of the Corporation of an amendment to By-Law No. 1 of the Corporation, substantially in the form attached as Appendix E to the management information circular of the Corporation dated August 12, 2016, be and is hereby approved, ratified and confirmed.
2. Any one or more directors or officers of the Corporation is hereby authorized, for and on behalf of and in the name of the Corporation, to execute and deliver, whether under corporate seal of the Corporation or not, all such agreements, forms, waivers, notices, certificates, confirmations and other documents and instruments, including without limitation articles of amendment, and to do or cause to be done all such other acts and things as in the opinion of such director or officer may be necessary, desirable or useful for the purpose of giving full effect to or carrying out the provisions of the above resolution, including without limitation, all necessary filings."

7. Second Amendment of By-Laws of the Corporation

Rule 17 of the AIM Rules for Companies requires each shareholder with a holding of 3% or more in any class of shares in the Corporation to notify the Corporation without delay of any relevant changes to its shareholdings in the Corporation. Relevant changes means changes to holdings above 3% (excluding treasury shares) which increase or decrease such holding through any single percentage (the "**AIM Reporting Requirement**"). Accordingly, AIM has requested that the Corporation add a provision to its by-laws setting out the AIM Reporting Requirement. On July 14, 2016, the Board approved and adopted a second amendment to the Corporation's By-Law No. 1 to add the AIM Reporting Requirement (the "**Second By-Law Amendment**"), a copy of which is attached to this Circular as Appendix F.

Pursuant to section 103 the CBCA, the Board is required to submit the Second By-Law Amendment to the Shareholders of the Corporation for confirmation, rejection or further amendment at the Meeting. Accordingly, the Shareholders are being asked to consider and, if thought appropriate, pass with or without amendment, an ordinary resolution confirming and ratifying the Second By-Law Amendment. In order for the resolution to be passed, it must be approved by a simple majority of the votes cast by shareholders who vote in person or by proxy at the Meeting. **The persons named in the enclosed form of proxy, if named as proxy, intend to vote proxies in favour of this ordinary resolution.**

The text of the ordinary resolution which management intends to place before the Meeting for the confirmation and ratification of the Second By-Law Amendment is as follows:

BE IT RESOLVED as an ordinary resolution of the Corporation that:

1. The approval and adoption by the board of directors of the Corporation of a second amendment to By-Law No. 1 of the Corporation, substantially in the form attached as Appendix F to the

management information circular of the Corporation prepared for the purpose of this meeting and dated August 12, 2016, be and is hereby approved, ratified and confirmed.

2. Any one or more directors or officers of the Corporation is hereby authorized, for and on behalf of and in the name of the Corporation, to execute and deliver, whether under corporate seal of the Corporation or not, all such agreements, forms, waivers, notices, certificates, confirmations and other documents and instruments, including without limitation articles of amendment, and to do or cause to be done all such other acts and things as in the opinion of such director or officer may be necessary, desirable or useful for the purpose of giving full effect to or carrying out the provisions of the above resolution, including without limitation, all necessary filings.”

8. Other Matters to be Acted Upon

Management knows of no matters to come before the Meeting other than the matters referred to in the Notice of Meeting. However, if any other matters properly come before the Meeting, the accompanying proxy will be voted on such matters in the best judgment of the person or persons voting the proxy.

INTERESTS OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Other than as described below, none of the Corporation’s directors or executive officers or companies or persons that beneficially own, control or direct, directly or indirectly, or a combination of both, more than 3% of the Corporation’s Common Shares, proposed nominees for election as directors of the Corporation or any of their respective associates and affiliates, has any material interest in any transaction with the Corporation since the commencement of the Corporation’s last financial year or in any proposed transaction which has materially affected or would materially affect the Corporation.

Effective October 1, 2015 Sea Dragon Energy Inc. acquired 100 per cent of the issued and outstanding share capital of Madison Petrogas Ltd (“**Madison**”), the consideration for which was the issuance of an aggregate amount of 26,886,094 Common Shares to the former shareholders of Madison. Upon closing of the transaction the former Madison shareholders held approximately 71% of the combined entity, which was renamed SDX Energy Inc.

On May 20, 2016 SDX Energy Inc. was admitted to the London Stock Exchange (AIM) and completed a private placing of 42,201,835 new Common shares by way of a firm placing of shares issued on admission of 38,291,835 common shares and a conditional placing of 3,910,000 common shares which were deemed firm and subsequently issued on July 25, 2016.

Pursuant to the subscription agreement entered into between the Corporation and MEA Energy Investment Company Limited (“**MEA**”), the Corporation has given MEA the right to appoint one director to the Board for so long as it holds at least 9.9 per cent, of the then issued Common Shares of the Corporation. Accordingly, the Board has put forward Michael Raynes, MEA’s nominee, as a nominee for election as a director of the Corporation at the Meeting. See “*Matters to be Considered at the Meeting – Election of Directors*” for additional information.

There are potential conflicts of interest to which the directors and officers of the Corporation may be subject in connection with the operations of the Corporation. Some of the directors and officers of the Corporation are engaged and will continue to be engaged in other business opportunities on their own behalf and on behalf of other corporations, and situations may arise where such directors and officers will be in competition with the Corporation. Individuals concerned shall be governed in any conflicts or potential conflicts by applicable law and internal policies of the Corporation.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

No person who has been a director or executive officer of the Corporation at any time since the beginning of the Corporation’s last financial year, nor any proposed nominee for election as a director of the Corporation, or any associate or affiliate of any one of them, has any material interest, direct or indirect, by way of beneficial

ownership of securities or otherwise, in any matter to be acted on at the Meeting other than the election of directors, except as described below.

All of the directors and officers of the Corporation hold options to acquire Common Shares pursuant to the Stock Option Plan. At the Meeting, shareholders will be asked to consider, and if thought appropriate, approve an ordinary resolution approving the Amended Plan. See “*Matters to be considered at the Meeting – Approval of Amended Stock Option Plan*”.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

General

The board of directors (the “**Board**”) of SDX Energy Inc. (the “**Corporation**”) recognizes that good corporate governance is of fundamental importance to the success of the Corporation. The Corporation’s governance practices are the responsibility of the Board.

This Statement of Corporate Governance Practices sets out the Board’s assessment of the Corporation’s governance practices in accordance with National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (“**NI 58-101**”) and National Policy 58-201 – *Corporate Governance Guidelines* (“**NP 58-201**”). The Corporation’s governance practices are generally consistent with the practices and guidelines set out in NI 58-101 and NP 58-201.

Board of Directors

The Corporation’s board of directors consists of six members namely Michael Doyle, Paul Welch, David Mitchell, David Richards, Paul Moase and Barrie Wright. The Board of Directors has reviewed the status of each director to determine whether such director is “independent” as defined in NI 58-101. As a result of such review, and after consideration of all business, family and other relationships among the directors and the Corporation, the Board of Directors has determined that Messrs. Doyle, Mitchell, Richards, Moase and Wright are each independent within the meaning of NI 58-101. Mr. Welch is not independent under NI 58-101 as he continues to be an officer of the Corporation. Following the Meeting it is anticipated that Messrs. Moase and Wright will cease to be directors of the Corporation and the Corporation’s board of directors will consist of the six members proposed on pages 18 and 19 of this Circular.

Director	Directorships held

New directors are also provided with opportunities for meeting and discussions with senior management and other directors. Prior to joining the board, each new director will meet with the Chief Executive Officer of the Corporation. Such officer is responsible for outlining the business and prospects of the Corporation, both positive and negative, with a view to ensuring that the new director is properly informed to commence his duties as a director. Each new director is also given the opportunity to meet with the auditors and counsel to the Corporation. As part of the annual Board of Directors’ assessment process, the Board of Directors determines whether any additional

education and training is required for its members.

Ethical Business Conduct

The directors encourage and promote a culture of ethical business conduct through communication and supervision as part of their overall stewardship responsibility. In addition, the Corporation has adopted a Code of Conduct which addresses the Corporation's continuing commitment to integrity and ethical behaviour. The Code of Conduct establishes procedures that allow directors, officers and employees of the Corporation to confidentially submit their concerns to the Chief Executive Officer or the Chairman of the Board regarding questionable ethical, moral, accounting or auditing matters, without fear of retaliation. To the Corporation's knowledge there have been no departures from this Code of Conduct that would necessitate the filing of a material change report. A copy of the Code of Conduct is available to review at the head office of the Corporation during business hours.

Nomination of Directors

The Board of Directors as a whole is responsible for identifying suitable candidates to be recommended for election to the Board by the shareholders of the Corporation, with the goal of ensuring that the board consists of an appropriate number of directors who collectively possess the competencies identified as being appropriate to the effectiveness of the board as a whole.

Compensation

The Compensation Committee is responsible for reviewing the Corporation's overall compensation strategy, and is responsible for reviewing and recommending for approval the salaries and compensation of the Corporation's executive officers.

The Compensation Committee also reviews the compensation of the outside directors on an annual basis, taking into account such matters as time commitment, responsibility and compensation provided by comparable organizations.

For additional information regarding how the Compensation Committee determines compensation for the executive officers and directors of the Corporation, please see "*Executive Compensation – Discussion and Analysis*" in this Management Information Circular.

Board Committees

The Corporation's Board of Directors has three committees, the Audit Committee, the Compensation Committee and the Reserves Committee.

Audit Committee

The Audit Committee is comprised of David Richards (Chair), Paul Moase and Barrie Wright. Details in respect of the Audit Committee, as prescribed by National Instrument 52-110 – *Audit Committees* ("**NI 52-110**") are provided under the heading "*Audit Committee*" in this Management Information Circular.

Compensation Committee

The Compensation Committee is comprised of David Richards (Chair) and Barrie Wright. The Compensation Committee is comprised of non-management members of the board of directors and is required to convene at least annually. For additional information in respect of the Compensation Committee, please see "*Executive Compensation – Discussion and Analysis – Compensation Governance*" in this Management Information Circular.

Reserves Committee

The board of directors has adopted a mandate for the Reserves Committee, which is currently comprised of Barrie Wright (Chair) and David Mitchell. The Reserves Committee is responsible for meeting with the independent engineering firm commissioned to conduct the reserves evaluation on the Corporation's oil and gas assets and to discuss the results of such evaluation with such independent evaluators and management. The Reserves Committee's responsibilities include reviewing managements' recommendations for the appointment or proposed changes of independent evaluators, reviewing the Corporation's procedures for providing information to the independent evaluators, meeting with management and the independent evaluator to review

the reserves data and report, including any restrictions imposed by management or significant issues on which there was a disagreement with management and reviewing reserve additions and revisions which occur from one report to the next, recommending to the board of directors whether to approve the content of the independent evaluators' report, reviewing the Corporation's procedures for reporting on other information associated with oil and gas producing activities and generally reviewing all public disclosure of estimates of the Corporation's reserves. The Reserves Committee meets at least once annually or otherwise as circumstances warrant.

Assessments

The Compensation Committee is responsible for developing an annual assessment of the overall performance of the Board and its committees. The objective of this review is to contribute to a process of continuous improvement in the Board's execution of its responsibilities. To date, the Compensation Committee and the Board have not put into place a formal process for assessing the effectiveness of the board as a whole, its committees or individual directors, but will consider implementing one in the future should circumstances warrant. Based on the Corporation's size, its stage of development and the number of individuals on the board of directors, the Compensation Committee and the Board consider a formal assessment process to be inappropriate at this time. The Compensation Committee and the Board plan to continue evaluating the Board's effectiveness on an ad hoc basis.

In particular, the Corporation, in its discretion, may postpone the issuance or delivery of Common Shares under any option until:
